Luscious Lips for Christmas

You have spent all that money on your hair, accessories and clothes- what about the most important thing- your face!

Banish your lines and wrinkles and wipe away the stress and worries of the year. Your luscious lips will complete the look when they are discreetly and subtly fuller.

To prepare before you come in.....

Smoothing those frown lines, smile lines, bunny lines, lipstick-bleed lines, neck cords, or 'down in the mouth' lines in time for the festive season? Remember to avoid any blood thinning products such as nurofen, aspirin, anti-inflammatories, vitamin E, fish oil, garlic capsules, multivitamins or herbs for a week prior to your treatment, as these can increase your risk of bruising. Panadol does not thin out your blood so is perfectly safe to use.

Remember not to let your treatments wear off entirely before you repeat them. Like maintaining your hairstyle and nails, have your treatments regularly to maintain their effect and to get longer lasting results, especially from your botox wrinkle treatments.

Luscious Lips Promotion

We have a fantastic lip promotion that has become available for our clients.

If you bring a friend and both have a treatment you can get 15% off the price of your filler. Treatment for those lips is Juvederm, a popular filler that lasts approximately 6 months.

Results are immediate.

And there we go new fuller kissable luscious lips.

The beauty of the fillers is that they are walk in walk out. Give Cosmetic Image Clinics a call – (07) 32117771 to arrange a time for a consultation, as we are happy to help.

Consider a thorough skin exfoliation with **microdermabrasion** to freshen up your skin and help with a maintenance program in between treatments.

And we have a sensational method to **remove unsightly skin tags and moles**. This successful treatment involves electronically shaving the mole or skin lesion flat with minimal scarring. Our doctors can discuss the procedure with you, perform a skin check, and you can go ahead on the same visit if you desire.

We are open Wednesday and Friday evenings for lips, wrinkle treatments and skin consultations.

'LOOKING YOUNGER IS ALL ABOUT FEELING GOOD ABOUT YOURSELF'

And for the guys.....

If you feel embarrassed at the beach or the gym taking off your shirt, you may have **Gynaecomastia**. This medical term describes the development of breasts in males. It is more common than people realise. Liposculpture or surgical excision removes unwanted fat permanently from the breast area and restores a normal appearance. Our surgeons have had many years of experience performing this surgery.

Give ~~yourself~~ a call - (07) 3211 7771 for your appointment so you can look and feel your best for the holiday season.

Cosmetic Image Clinics offers a free consultation when enquiring about cosmetic procedures.

We have doctors available every day for wrinkle treatments and lips plus late Wednesdays and Fridays. So let us know when you would like to come in. We are located centrally in the Brisbane CBD.
