Newsflash!

Did you know that botulinum muscle relaxant treatments have been used in clinical practice to treat more than a million patients worldwide?

The product has been approved for 20 indications in more than 75 countries and is prescribed for patients who suffer from a range of serious and debilitating disorders as well as those for aesthetic needs.

This product has a long-established safety profile in Australia and has been used for more than 15 years. The muscle relaxant is a widely researched medicine. There are more than 3000 publications in scientific and medical journals, which include data from numerous clinical trials involving more than 10,000 patients.

MD Lash Factor, Eyelash Conditioner

If you want naturally thick, longer eyelashes to flutter we have the product to help. MD Lash Factor Eyelash Conditioner lengthens and thickens eyelashes and is scientifically formulated breakthrough treatment for people suffering from thinning lashes due to chemotherapy or the hair loss condition alopecia areata. You can also use the product if you just want to have better looking lashes. After four weeks of using this product every night, your lashes will appear noticeably thicker and fuller. It is available at the clinic for \$220. This product is selling like hotcakes so don't be disappointed and give us a call to order yours now.

Phone us on 3003 4000 and we can even post it out to you.

Easter is Coming

Easter is just around the corner which means a couple of extra days to relax and holiday.

And recuperate from your surgery.

After most procedures you need about a week to recover before you return to work. Many operations are day cases and the recovery is faster than you expect. Major procedures like tummy tucks and breast reductions usually require an overnight stay in hospital and recovery varies from person to person. All our surgeons discuss these details at length during your consultation with them.

If you would like to speak to someone who has had a procedure you are interested in, we are happy to oblige. We can put you in touch and you can speak to them directly to discuss how they felt all along the way from the initial enquiry to the post operative care and follow up.

Why not Call us on 3003 4000, We are happy to help.

Luscious Lips

A terrific treatment for those lips is hyaluronic fillers. Results are immediate with this walk in walk out treatment. You will be looking good with a spring in your step that makes you feel good so you look good.

More voluptuous lips are the new black.

Give Cosmetic Image Clinics a call - (07) 3003 4000 to arrange a time for a consultation.

What is Hyperhidrosis?

Hyperhidrosis quite simply means excessive sweating, and it affects about 1 in 100 people. This uncontrolled sweating can occur in various parts of the body including the hands, feet, or underarms. It is thought to be an inherited condition which stops the body from properly regulating its temperature.

Hyperhidrosis botulinum therapy is proving to be very successful and straight forward. The product lasts about 7 months after it kicks in.

Having a bit of work done needs a little planning. The treatment needs 3 days to 2 weeks to kick in when you are treating those sweaty armpits, hands and feet. Organize a time to see Dr Ingrid Tall or Dr Mario Soteriou or Dr Nicki Fallon to discuss your individual needs.

Give Cosmetic Image Clinics a call on 07 3003 4000 we are here to help.

***Sweating?**
We can help you become dry again. Come and see us at Cosmetic Image Clinics*
